

Pelorus Ocean Line – Tariff
Container Demurrage & Detention

Detention Procedure

Detention tariff will be applied when customer uses the equipment for more days than what was previously agreed.

All the Billings will be done in USD (US Dollars). Weekends and holidays should be accounted to the final calculation.

All demurrage charges are *V.A.T.O.S*, and should be consulted for every new shipment considering they can be revised by carrier without prior notice.

Storage and port costs (related to refrigerated containers) are not covered by those demurrage costs and will be charged at cost, if necessary and according to each negotiation.
